

Washington, D.C. 20505

6 JUL 1979

The Honorable Griffin B. Bell
Attorney General of the United States
Department of Justice
Washington, D.C. 20530

Dear Griffin:

STAT Last January, in response to my request for assistance in our effort
to identify persons who may have been administered drugs without their
knowledge or consent as a part of the MKULTRA program conducted in safehouses
[redacted] you asked the Administrator of the Drug
Enforcement Administration to designate a representative to work with us.
STAT Mr. Bensinger designated [redacted] a staff inspector assigned to
the Office of Internal Security at DEA, and made him available to us virtually
full time since early February.

STAT With the very able help of [redacted] and the gracious cooperation and
assistance of many people in DEA, particularly those in the [redacted]
office, we have completed our investigation. I am sending my final report
to Senator Bayh and Senator Kennedy today informing them that we learned
of seven, and possibly eight, cases where LSD had been administered to
individuals unwittingly, but were unable to establish with a comfortable
degree of certainty that these were the only cases. One of the subjects
died of cancer about five years after the incident. Two others have been
found and notified. While this cannot be counted as complete success, I
nonetheless feel a certain sense of relief from having the reasonable
assurance that the program apparently was much less extensive than originally
feared. STAT

Your interest and willingness to help in this matter are very much
appreciated. I have written separately to Mr. Bensinger expressing to him
my appreciation for all the help given by his Administration. Again, many
thanks for your cooperation and assistance.

Yours,

/s/ Stansfield Turner

STANSFIELD TURNER

cc: The Honorable Peter Bensinger
